

Gail Pavlik – Third Grade

Gail Pavlik is thrilled to be a part of the remarkable staff of Immaculate Conception Catholic School. She has received her Bachelor of Science degree in Elementary Education from Oakland University. Her studies have concluded with Saginaw Valley State University where she has completed a Master of Arts in Teaching in Special Education. The course work for an endorsement in learning disabilities has been completed with honors.

Mrs. Pavlik's teaching philosophy consists of providing her students with a warm, caring, and secure environment. All students will learn to respect one another and will acknowledge and believe in their own self worth. It is crucial that the student be taught as a whole child, which includes the mind, body, and spirit. All children have the ability to learn. It is the teacher's responsibility to recognize her student's needs and to know how to differentiate to accommodate those needs. The goal is to teach her student's to be life-long learners. Most importantly, they should receive an education that is rooted in faith and trust in the Lord, so that they may bloom into a faithful follower and future Christian leader.

Mrs. Pavlik is proud to be actively involved in many IC activities. When she is not teaching, she loves to spend time with her husband and three children. They love boating, jet skiing, bike riding and, of course, reading. She feels blessed to be part of the outstanding community of Immaculate Conception Catholic Church.
