

Jacqueline Jenkin – Fourth Grade

Jacqueline Jenkin has been teaching at I.C. for eleven years. She has a Bachelors of Science in Education from Wayne State University, and a Masters in Educational Studies from Oakland University. Her major in undergraduate study was math. Jacqueline had several years experience working with children prior to becoming a teacher. She is the mother of four children and volunteered as a Girl Scout Leader for five years prior to earning her teaching degree. She loves working with children and feels that children have a tremendous amount of potential and a great deal to contribute to society. Jacqueline wants all of her students to exit fourth grade with an enthusiasm for learning, and a very positive self-image.
