

Mrs. Green is very excited to be the Academic Excellence teacher at Immaculate Conception. She has previously taught first, fourth and fifth grade. She feels very blessed to be a part of such a faith-filled community. She attended Oakland University where she received her Bachelors and also a Masters Degree in Reading. Jennifer loves sharing her faith with her students to help them grow spiritually, as well as sharing her love of reading.

On a personal note, she lives in Chesterfield with her husband and son Benjamin and their dog Daisy. Ben attends IC. "He keeps us busy and always amazes us." Her family attends church at St. Mary Queen of Creation parish in New Baltimore where they are all very involved. Jennifer has taught 2nd grade catechism in years past and her husband is a member of the Knights of Columbus.
